Dear John,

I thought I would take this moment to write you and say "Thank you so very much" for guiding me to this point in my life. I can truly see from the events and out of body experiences I have had recently that this is my place in life. What I need to do now is gain self-confidence in my knowledge and in my writing.

It took time for me to see clearly from the day you first mentioned this path to today, but now I can see clearly the truth in your words. I trust as I continue to grow and work with writing I will see clearly the path to take here as well. The first book I believe the way it is developing will be "A Soul Remembers," as of yet I do not know the way it will be signed but it will not be my name for I cannot reveal myself in that manner. Rather it will be under a pen name or maybe Cato's. At any way, it will speak of many of my past lives, trials and growths and hopefully give strength and understanding to many about life-death-reincarnation and spiritual unfoldment.

Please share this with all but especially Chuck and Kaye so they know just what is happening. Also tell Lynn, the great seer, she is right and I thought maybe I might not reveal all my lives to everyone, but now I am doing the book. Yes, yes I was Anthony of Padua working on the inner planes with Francis to help upgrade a religious system and bring back a sense of spirit into a belief system that had become clouded. Can't keep a secret from anyone, anymore, so it looks like.

Will close for now, so I can get to my afternoon meditation. Thank you, John, thank you spirit and thank you God for my new life.

In the Masters Light & Service

Jim
